

# How To Keep Pests Away

## Rats & Mice

Keep waste covered.  
Store food in appropriate pest-proof containers.  
Store food above the floor and away from walls.

## Wasps and Flies

Keep food covered.  
Use a fly zapper.  
Put waste in a bin with a lid.

## Cockroaches

Declutter the area regularly so they cannot hide.  
Clear refuse and recycling regularly  
Clean, clean and clean again.
